| • Antwerp Blue      | • Alizarin Crimson      |

\*Supplies and colors suggested for beginners. Beginners may use a set of Prang™ watercolor paints in place of tube colors. All these supplies are just suggestions—if you presently have others, please feel free to use them. Good watercolor paper and good brushes are more important than the brand of paints you choose. Colors listed are the ones currently on my palette (*note: it is not necessary to have all colors listed*).
